

Careers

The right blend of intellect and attitude in articulate, driven and personable candidates - this is what we look for in lawyers and pupils alike.

Our successes are built on our lawyers' ability to work together seamlessly. As an independent review publication observes: "The camaraderie in the group is clear - the lawyers are enthusiastic and always in [sic] the ball."

At Zain & Co., we strive towards a listening culture that enables and builds passionate teams and leaders who coach and mentor. As part of our team, therefore, you will enjoy and value the relationships we foster as much as the excellent training and outstanding career prospects that we offer.

Zain & Co. is a registered employer under JPA's Scholarship Talent Attraction and Retention (STAR) initiative.
